

INTERIOR AND ENVIRONMENT FY2010

Alternate 20" Water Supply Main-Salem, Ohio
City of Salem Utilities Department
231 South Broadway Avenue
Salem, Ohio 44460
\$2,000,000

The recipient believes this is a valuable use of the taxpayers' money because the project will provide a reliable water supply to the residents of the City of Salem, Township of Perry, Village of Leetonia and the Village of Washingtonville. The total population served by Salem's water system is approximately 32,000 people.

American Legion Mahoning Valley Post 15 Home renovation
American Legion Mahoning Valley Post 15
Sons of the American Legion Mahoning Valley Squadron 15
573 North Main Street
Poland, Ohio 44514
\$75,000

The recipient believes this is a valuable use of the taxpayers' money because it will renovate the Mahoning Valley's American Legion Post making it more energy efficient. The Post believes this will serve as a good example for the community of cost-saving weatherization.

Armory Square
City of Marietta
301 Putnam Street
Marietta, Ohio 45750
\$225,000

The recipient believes this is a valuable use of the taxpayers' money because Armory Square will be a regional visitors' center located in Marietta, Ohio, the first settlement in the Northwest Territory. New displays will introduce visitors to this piece of American history emphasizing the role of the river as a passageway that carried the first settlers to this new territory. The Armory Square project is an important piece of the City of Marietta's "Renaissance Marietta," a downtown revitalization initiative.

Boardman Community Senior Center
Boardman Township

**8299 Market Street
Boardman, Ohio 44512
\$375,000**

The recipient believes this is a valuable use of the taxpayers' money because the renovation of an existing building will allow the senior center to expand its programming. This renovation will create jobs and provide a needed place for senior citizens to gather in the community.

**City of Belpre Riverfront Park
City of Belpre
715 Park Drive
Belpre, Ohio
\$131,000**

The recipient believes this is a valuable use of the taxpayers' money because the creation of a park will help enhance economic development, complement and sustain already existing recreation investments, and provide an opportunity for regional cooperation among communities.

**Colony Theatre Restoration
Hippodrome/Colony Historical Theatre Association
222 ½ Putnam Street
Marietta, Ohio 45750
\$500,000**

The recipient believes this is a valuable use of the taxpayers' money because the Colony was built as the Hippodrome Theatre in 1919 and is listed as a contributing building in Marietta's Historic District. It has been approved for its Part 2 Historic Certification Application and is eligible for Federal Historic Tax Credits. Renovating the theatre could attract national caliber arts groups and bring business to a downtown that the local community is working hard to revitalize. The theatre has also been awarded funding from the National Endowment of the Arts.

**Columbia Drive roadway construction and installation of water/sewer utilities
St. Clair Township Trustees
Deborah Dawson, Fiscal Officer
15442 Pugh Road, Suite 1
Calcutta, Ohio 43920
\$1,036,000**

The recipient believes this is a valuable use of the taxpayers' money because the construction of Columbia Drive and new water utilities will open up access to 100+ acres for economic development. This will both create jobs and increase the local tax base.

Glenmoor / LaCroft Sanitary Sewer Project Phases I & II

Columbiana County Sanitary Engineer

235 S. Market St.

Lisbon, OH 44432

\$1,500,000

The recipient believes this is a valuable use of the taxpayers' money because it will provide service to 440 residential homes, including 217 homes estimated to be Low to Moderate Income (LMI), and approximately 14 businesses in an unincorporated portion of southern Columbiana County. This project would serve the immediate need of eliminating failing on-site septic systems. It also has the added benefit of providing sanitary sewer service to an area which could promote much needed economic development in Columbiana County located in Appalachia.

Leetonia Water Treatment Plant Upgrade

Village of Leetonia

300 East Main Street

Leetonia, Ohio 44431

\$427,500

The recipient believes this is a valuable use of the taxpayers' money because with the completion of this project the Village of Leetonia will have adequate primary and secondary sources of potable water.

Lisbon Combination Sewer Separation Projects

Village of Lisbon

203 North Market Street

Lisbon, OH 44432

330-424-5503

\$624,000

The recipient believes this is a valuable use of the taxpayers' money because the Village of Lisbon has been placed on a compliance schedule by the Ohio EPA to eliminate combined sewers and combined sewer overflows by the Year 2020. This project will complete work in three of the 10 locations included on the compliance schedule. The project will benefit the Village of Lisbon by reducing sewage treatment costs and allowing the Village additional sewage treatment capacity to attract new business.

Manhole Replacement/Relining and Sewer Main Replacement

Dillonvale - Mt. Pleasant Wastewater Sewer District

P. O. Box 686

Dillonvale, OH 43917

\$135,000

The recipient believes this is a valuable use of the taxpayers' money because it will benefit the residents of Mt. Pleasant and Dillonvale by providing them with a more reliable and less expensive sewer collection system to operate. Currently, the manholes are deteriorating and loose material from the sewer walls blocks sewage flow. Currently the District must flush the sewer lines frequently to maintain uniform flow through the system.

Marietta Harbor Upgrade

WASCO, Inc.

340 Muskingum Dr.

Marietta, OH 45750

\$19,000

The recipient believes this is a valuable use of the taxpayers' money because it will support a local non-profit that provides employment opportunities to adults with disabilities. The organization runs a little Harbor store which is one of the only opportunities for a boater to get fuel or concessions for many miles.

Multi Community Emergency Waterline Project

City of Martins Ferry, Ohio and Villages of Bridgeport and Yorkville, Ohio

City of Martins Ferry, Ohio

35 S. Fifth Street

Martins Ferry, Ohio 43935

\$900,000

The recipient believes this is a valuable use of the taxpayers' money because it will provide water to Martins Ferry, Ohio and the Villages of Bridgeport and Yorkville, Ohio should there be a failure in the water plant or the well field. The project will also assist in local economic development, provide uninterrupted service to residents and businesses and will be cost effective for the community.

Neffs Sanitary Sewer Project-Phase 1

Belmont County Commissioners

101 W. Main Street

St. Clairsville, Ohio 43950

\$750,000

The recipient believes this is a valuable use of the taxpayers' money because it will alleviate health, safety, and environmental concerns within the local community. In 2001 this site was determined to be contaminated by fecal matter and was in violation of water quality standards. Funding would go toward cleaning up the problem.

North Trail Community Multi Purpose Recreation Trail-Boardman Park

Boardman Township

8299 Market Street

Boardman, Ohio 44512

\$125,000

The recipient believes this is a valuable use of the taxpayers' money because the expansion of the park will help to enhance economic development, complement and sustain already existing recreation investments, and create well paying jobs during the construction phase.

Sebring Mansion Economic Development Project Expansion

Sebring Mansion, LLC

385 West Ohio Avenue

Sebring, Ohio 44672

\$450,000

The recipient believes this is a valuable use of the taxpayers' money because it will put approximately 275 construction, HVAC, electrical, drywall, restoration artisan, and other area craftsmen to work during the mansion renovation. This project will also provide state-of-the-art electronics training for 20-30 area electrical students and apprentices through seminars conducted in collaboration with academic institutions and licensed technicians. Upon completion, the project, which is a historic landmark, should create approximately 30-40 new part and full-time jobs for area residents.

Village of Dillonvale Water Meter Replacement Project

Village of Dillonvale

PO Box 546

Dillonvale, Ohio 43917

\$100,000

The recipient believes this is a valuable use of the taxpayers' money because it will build and improve essential public water facility use. New water meters will help conserve water which will save the community money.

Zane Highway Waterline Replacement Project

City of Martins Ferry

35 S. Fifth Street

Martins Ferry, Ohio 43935

\$245,000

The recipient believes this is a valuable use of the taxpayers' money because it will provide uninterrupted waterline service to residential homes and businesses and an

emergency waterline connection for the Village of Bridgeport. This will assist in the attraction of new businesses.
